How to read this report

- **Findings** state what our sources say; every one cites a dated passage as [E#: a generic description of the source and a date].
- Anything the panel said is marked **PANEL VIEW - NOT A SOURCE**.
- **Not supported by our sources yet** flags a panel claim our corpus doesn't back (yet).
- **THIN** marks a segment with fewer than 2 passages from 2+ independent sources (our own briefings and analyses appear as context but don't count).
